It is understood and agreed to by both parties through this Statement of Work for the DWD-DET/Grantee for a Grant Agreement that the following project goals and provisions are in place for the following grant amount and timeframe:

Bay Area Workforce Development Board

National Emergency Grant: ARRAXX1005NEG-WI-31

Total Grant: \$1,541,611

Target Groups: J.L. French, Genmar Yacht Group, Koenig and Vits, Marinette Marine, Kohler, Pentair Filtration, Manitowoc Company, Federal Mogul, Karl Schmidt Unisia, KCS International, Winsert, effective 7/1/09. **Additional target groups:** Bay Shipbuilding, Busch Agricultural Resources, Gardner Denver (Thomas Industries Division), Georgia Pacific, Owens Flooring, effective January 1, 2010.

1. DWD's policy that defines high-wage training in terms of the WDA's median wage and that establishes the goal of expending 35% of available funds on such training does not apply to the use of NEG funds. Funding for training and associated supportive services shall not be limited to individuals participating in high-wage training as it has been defined by the WDB.
2. The project is to be operated within a service delivery model that fully integrates NEG and TAA program resources and services. For TAA eligible participants, NEG funds provide "wrap-around" services, including services not allowable under TAA.
3. NEG funds are to be used to provide the fully array of allowable services at the level appropriate to each participant's assessed needs, including core, intensive and training services. This will include, but is not limited to case management, job seeking skills and worksearch support.
4. TAA funds are to be used to pay for the training of TAA-eligible participants in full-time, TAA approved training including occupational skills training and on-the-job training. NEG funds may be used to pay for short-term and part-time training or intensive services, including MSSC, basic skills, basic computer training, GED instruction and other similar courses.
5. Payments for training and supportive services costs should be the same as the WDB approved policies for the local dislocated worker program. If the limits under those policies are insufficient to assist participants in meeting their reemployment goals, the WDB may consider modifications to the policies. Program policies are part of the NEG Project Operating Plan, therefore, DWD must be notified of any changes in policies.
